

# Research publications

Area	Name of publication	Publication interval	Language	Brief outline of content	
Economic Research	Week in Focus	Fridays	 + 	Our weekly flagship publication highlights upcoming market-moving economic events, data releases and central bank actions. Includes outlooks for bond, FX, equity and commodity markets and features a key macroeconomic topic in concise format.	
	Economic Briefing*	ad hoc	 + 	Quick one-page comment on economic data releases, central bank actions and other economic events relevant to financial markets (*separate editions for Germany, Eurozone, US, UK, Japan and ECB).	
	Economic Insight	ad hoc	 + 	Covers special economic topics in detail.	
	Economic and Market Monitor	monthly	 + 	This chartbook explains our house view on the global economy and financial markets.	
FX Research	Daily Currency Briefing	daily	 + 	Daily morning comment on G10 and EM currencies.	
	Strategic Currency Briefing	ad hoc	 + 	Compact medium-term outlook of G10 or EM currencies with a brief outline of the economic situation (updates are sent out once a month en bloc for all currencies, also accessible on our Research portal).	
	FX Hotspot	ad hoc	 + 	Short analysis of ad-hoc FX topics (special edition for our weekly Aggregate Risk Perception Index ARPI).	
	Asia Daily Update	daily		Morning comment on data releases, political developments and markets with a focus on Asia.	
Commodity Research	Commodities Daily	daily	 + 	Daily comment on commodity markets with short-term news and views on all four segments of the commodity market: energy, precious metals, base metals and agricultural.	
	Commodities Spotlight	daily	 + 	This publication analyses the medium-term developments on commodity markets and presents our view (separate editions for all four segments of the commodity market).	
Rates & Credit Research	Ahead of the Curve	Thursdays	 + 	Our weekly flagship fixed income publication not only explains our Big Picture view of the rates and credit markets but also provides in-depth analysis of money markets, government and corporate bonds and inflation markets. Analysis of upcoming government bond supply and economic events round off this product.	
	Rates Research	European Sunrise	daily	 + 	This Fixed Income morning comment provides an update on relevant overnight news and offers views and analysis of market-moving events and primary market activities for the trading day ahead with a focus on government bonds and SSAs.
		Rates Radar	ad hoc	 + 	Analysis of special fixed income events and trading ideas (* mostly also in German language).
	Financials & Covered Bonds	Financials Insight	ad hoc	 + 	Analysis of key regulatory themes within the Financials sector, single-name stories, trading recommendations (* mostly also in German language).
		Covered Bond Weekly	Wednesdays	 + 	Bundles all major news and topical issues concerning the international covered bond markets. Delivers market forecasts and trading recommendations as well as fundamental background information.
		Covered Bond Telegram	ad hoc		Comments on breaking news in the covered bond market.
		Covered Bond Insight	ad hoc	 + 	Delivers in-depth analysis and overviews such as a half-yearly detailed report on German Pfandbrief pools or our link database.
	Corporate Credit Res.	Credit Strategy	ad hoc	 + 	Credit Market Strategy including strategic trading recommendations (* occasionally also in German).
		Credit Note	ad hoc	 + 	Analysis of individual issuers and sector research.
		Credit Profile	ad hoc	 + 	Detailed issuer profiles accompanying new issues in the bond or loan space.
